

### Donating once at a time

**L**ike writing and mailing a letter, writing and sending a check to COLCPE just feels better for some donors. This section lists supporters who gave one-time donations to the political action fund that were recorded in 2013.

Some of these donors were inspired to give to COLCPE at a fundraising event or political rally. Others gave when a member of the Carrier Corps or other union member asked. Some simply sent a donation when they saw a news story about attacks on collective-bargaining rights or the Postal Service in Congress. Whatever their

motivation, these generous donors are an important part of COLCPE's donor base.

As with all donations, the amount isn't important—it's the participation that matters. After all, imagine the results if every letter carrier gave even a modest donation to COLCPE.

Donors who made one-time donations in additions to automatic donations through payroll deduction or deduction from an annuity or bank account are not shown here. They are listed, along with their donation totals, in the automatic donation section beginning on page 14.

\* This list includes donors whose contributions were recorded without enough information to establish their identity fully. An example would be a money order accompanied by a name but no hometown or branch number. Another could be the use of a nickname not recorded in NALC's computer database, or a name that is shared by more than one member. Some may be Auxiliary members who did not identify themselves as such, or other supporters who failed to make their status clear.
